2.02 Subcontractors

The Project Lead may use Subcontractors, provided each Subcontractor executes a Subcontractor Agreement in the form attached to this Agreement as Exhibit 1. The Project Lead

will cause each Subcontractor to comply with the Project Lead's obligations under this Agreement and the Subcontractor Agreement, including with respect to record retention, reporting and audit, intellectual property, confidentiality, privacy, security, insurance and compliance with laws, regulations and Supercluster Policies.

2.03 Liability for Subcontractors and Personnel

3.02 Reporting Requirements

On the Supercluster's request, the Project Lead will provide such information as reasonably requested by the Supercluster and relating to the Project or the Supercluster Funds (such as what has been achieved, what Foreground IP had been created, information about the use of Supercluster Funds, and information required by ISED).

- (1) ISED and the Supercluster will each have the right to, when either determines it is necessary, on reasonable notice and at their own cost:
 - (a) audit the books, records and financial statements of the Project Lead and any Subcontractor which relate to the Project for the purpose of validating the use of any Supercluster Funds and ensuring compliance with the terms of this Agreement. If it is determined that the amounts paid to the Project Lead exceed the amounts payable under this Agreement, the difference will be considered a debt due to the Crown and will be recovered as an overpayment. ISED may discuss the results of said audits with the Supercluster, and may publish the results and report them to Parliament;
 - (b) conduct a performance (value-for-money) audit of the Project Lead in relation to the Supercluster Funds. ISED may discuss the results of said audits with the Supercluster, and may publish the results and report them to Parliament; or

Each audit will occur during the auditee's normal business hours and will not unreasonably interfere with the auditee's normal business. ISED or the Supercluster (as the case may be) will provide the auditee with a description of the scope and criteria of the audit and the expected time frames for completion of the audit and, in the case of ISED, public release of the related reports. Where an auditee has a concern that an auditor selected by the Supercluster has a conflict of interest with that auditee, the auditee may notify the Supercluster of its concern. The Supercluster will consider the auditee's concern and: (a) select a different auditor; (b) modify the scope of the audit to be conducted by the original auditor to address the concern; or (c) provide the auditee with written reasons as to why the Supercluster will not take the steps outlined in (a) or (b).

- (3) taking steps to ensure that data is secure through the application of industry standard cybersecurity measures;
- (4) implementing reasonable measures for data security, which may include encryption, anonymization of data and proper user authentication;

- (6) implementing data quality protocols that ensure data remains relevant, accurate and up to date;
- (7) implementing data migration protocols that aid in the export, import, bridging, integration, and interoperability of data across platforms and applications while maintaining privacy and security; and

Therefore, the Project Lead agrees to make commercially reasonable efforts to commercialize the Foreground IP and, subject to relevant competitive issues, make the resulting products available to third parties on fair, reasonable and non-discriminatory grounds, including for internal research and development purposes. Without limiting the foregoing, the Project Lead will not:
 - (a) charge fees for licensing or use or impose licensing terms that would make licensing or using the Foreground IP commercially unreasonable; nor
 - (b) use the Foreground IP to engage in anti-competitive or monopolistic practices that are contrary to Applicable Law.

- (2) to the extent such disclosure is required pursuant to Applicable Laws, provided that prior to such disclosure the Receiving Party will to the extent it is legally permitted to do so:
 - (a) give the Disclosing Party notice of the potential disclosure and, where legally permissible, allow the Disclosing Party the opportunity to seek a protective order, at the Disclosing Party's cost, in connection with such potential disclosure; and
 - (b) limit any such disclosure to only that Confidential Information which is necessary, and further provided that any ultimate disclosure of Confidential Information will be in writing (or promptly reduced to writing in the case of any oral disclosure) and be marked "Confidential" to the maximum extent permitted by Applicable Laws.

6.04 Notification of Unauthorized Disclosure

A Receiving Party will promptly provide formal written notice to a Disclosing Party in the event that such Receiving Party becomes aware of any loss, destruction, unauthorized or unlawful access or modification to or use of, or unauthorized or unlawful disclosure of any of Confidential Information of such Disclosing Party in the possession or control of that Receiving Party.

6.05 Return of Confidential Information

Each Receiving Party will, at any time upon written request of the Disclosing Party, promptly return or destroy the Confidential Information, excluding Confidential Information it is required to

6.08 Ownership of Confidential Information

Neither the execution of this Agreement, nor the furnishing of any Confidential Information by the Disclosing Party, will be construed as granting to the Receiving Party, either by implication or otherwise, any interest, license or right respecting the Confidential Information, including any Intellectual Property Right in the Confidential Information, other than as expressly provided for in this Agreement.

The parties may only modify this Agreement by a written instrument that expressly states that it is an amendment to this Agreement and is signed by each party's authorized representative.

11.06 Waiver

A waiver of any default, breach or non-compliance under this Agreement is not effective unless it is in writing and signed by the party to be bound by the waiver.

11.07 Severability

Any provision of this Agreement that is prohibited or unenforceable in Canada will be ineffective to the extent of such prohibition or unenforceability and will be severed from the balance of this Agreement, all without affecting the remaining provisions of this Agreement.

The rights, remedies, powers and privileges provided to a party in this Agreement are cumulative and in addition to and not exclusive of or in substitution for any rights, remedies, powers and privileges otherwise available to that party.

C. Payments

A summary of eligible costs (“Eligible Costs”) can be found in the COVID-19 Co-Investment Guidelines.

- a) The Supercluster will pay the Project Lead within 45 calendar days of Supercluster approval of the claim.
- b) The Supercluster may adjust the Project Lead’s payment amount to deal with such things as advances or errors in the determination of Eligible Costs.
- c) The Project Lead will pay each Subcontractor in accordance with the applicable agreement between the Project Lead and the Subcontractor, which agreement the Project Lead will provide to the Supercluster on request. The Supercluster may pay Subcontractors directly, in which case the Supercluster may offset the amount it pays to

a Subcontractor against Supercluster Funds payable to the Project Lead under this Agreement.

EXHIBIT 1
SUBCONTRACTOR AGREEMENT

This Subcontractor Agreement dated the [●] day of [●], [2020] (“**Effective Date**”), is made between [●], a corporation incorporated under the laws of [●] (the “**Project Lead**”) and [●], a corporation incorporated under the laws of [●] (the “**Subcontractor**”).

The Subcontractor wants to participate in the Project as a Subcontractor of the Project Lead. As a condition of acting as a Subcontractor of the Project Lead for the purposes of the Master Project Agreement (“**MPA**”) between the Supercluster and the Project Lead [●] dated [●], 2020 attached to this Subcontractor Agreement as Appendix A, the Supercluster requires that the Subcontractor enter into this Subcontractor Agreement. Therefore, the parties agree as follows:

1. **Interpretation.** Capitalized terms used in this Subcontractor Agreement but not defined have the meanings given to them in the MPA. The principles of interpretation set out in the MPA apply to the interpretation of this Subcontractor Agreement with necessary changes made. Nothing in this Subcontractor Agreement modifies any other agreement to which the Project Lead and Subcontractor are parties or the MPA. If the Project Lead and the Subcontractor have entered into any other agreement with respect to the Project, this Subcontractor Agreement will take priority in the event of a conflict between this Subcontractor Agreement and any such agreement.

In this Subcontractor Agreement:

“**IP Licensor**” means the party or parties to this Subcontractor Agreement that are not the IP Owner;

“**IP Owner**” means the entity that is set out in a SOW as owning the Foreground IP (whether the Project Lead, the Subcontractor or an Other Subcontractor); and

“**Other Subcontractor**” means an entity that is a “Subcontractor” under the MPA, excluding the Subcontractor.

2. **MPA.** The Subcontractor agrees to comply with the MPA as a “Subcontractor”, to the extent that such provisions apply to the Subcontractor and comply with the obligations of the Project Lead to the extent applicable. Those provisions are incorporated into this Subcontractor Agreement by reference.

The Supercluster is a third party beneficiary of this Subcontractor Agreement for the purpose of enforcing its rights and the Subcontractor’s obligations under this Subcontractor Agreement, including the Subcontractor’s obligations under the MPA as incorporated herein. The parties agree the Supercluster may enforce the rights and entitlements of the Supercluster and the Project Lead pursuant to this Subcontractor Agreement against the Subcontractor.

3. **Foreground IP.** The IP Licensor:
 - a. hereby assigns its Intellectual Property Rights (if any) in and to the Foreground IP to the IP Owner; and
 - b. will ensure any individuals for whom it is responsible: (i) assign their Intellectual Property Rights (if any) in and to the Foreground IP to the IP Owner; and (ii) waive their inalienable rights (such as moral rights) in and to the Foreground IP, and any Background IP embedded therein, in favor

of the Project Lead, the Subcontractor and the Other Subcontractors, and their successors and assigns.

The IP Owner hereby grants the IP Licensor and each Other Subcontractor a perpetual, fully-paid, royalty-free, world-wide, sublicensable and assignable license to the Foreground IP to: (a) meet its obligations under the MPA; (b) use the Foreground IP for research and development; and (c) create, offer, support and otherwise commercialize products and services using the Foreground IP.

The Subcontractor will enter into a license and assignment agreement with each Other Subcontractor confirming the assignment and license set out in this Subcontractor Agreement.

The IP Owner may not assign its rights in or to the Foreground IP without the prior written consent of the Supercluster.

4. **Background IP.** Without limiting any of the licenses granted in Section 3 above: (a) the Project Lead hereby grants the Subcontractor a non-exclusive, non-transferable, royalty-free license to use the Project Lead's Background IP as is reasonably necessary for the Subcontractor to: (i) meet its obligations under this Subcontractor Agreement and the terms of the MPA incorporated herein; and (ii) exercise its rights in and to the Foreground IP; and (b) the Subcontractor hereby grants the Project Lead a non-exclusive, non-transferable, royalty-free license to use the Subcontractor's Background IP as is reasonably necessary for the Project Lead to: (i) meet its obligations under this Subcontractor Agreement and the terms of the MPA incorporated herein and to sublicense the foregoing rights to each Other Subcontractor as is reasonably necessary for each Other Subcontractor to meet their obligations under the MPA; and (ii) to exercise its rights in and to the Foreground IP, and to sublicense the foregoing rights to each Other Subcontractor as is reasonably necessary for each Other Subcontractor to exercise its rights in and to the Foreground IP.
5. **Further Assurances.** The parties agree to execute and deliver such other documents and perform and cause to be performed such further act as may be necessary or desirable in order to give full effect to this Subcontractor Agreement.
6. **Assignment / Subcontractor.** The Subcontractor will not assign, subcontract or delegate its rights or obligations under this Subcontractor Agreement to any third party.
7. **General.** The laws of the Province of British Columbia and the laws of Canada applicable in British Columbia govern this Agreement. The parties irrevocably attorn to the exclusive jurisdiction of the courts of the Province of British Columbia in connection with this Agreement. Any purported amendment to or waiver under this Agreement is void unless in writing and signed by each party.
